## HARRY'S ORGANIC PRODUCE

Harry's farm is located three short Kms, from Burleigh Heads, as the crow flies. On our humble farm we proudly practice organic methods of growing lettuce, red sorrell, and a selection of herbs and a variety of citrus. We pride ourselves on using organic practices when we farm. When we can't meet demand, we call on two other organic farmers in Tyalgum and Crabbes Creek. Harry's team hope you enjoy your salad.
